**[I.D. 040595B]****Marine Mammals**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Request to export a nonreleasable beached and stranded marine mammal (P584).

**SUMMARY:** Notice is hereby given that the Fort MacArthur Marine Mammal Care Center has requested authorization to export for public display purposes one nonreleasable beached and stranded Northern elephant seal from its rehabilitation facility in San Pedro, CA, to Mundo Aquatico, at Zoomarine, in Albufeira, Portugal.

**ADDRESSES:** The request for authorization and related documents are available for review upon written request from the Chief, Permits Division, F/PR1, Office of Protected Resources, NMFS, 1335 East-West Highway, Silver Spring, MD 20910-3226 (301/713-2289).

Relevant written comments about this request should be submitted to the above address by May 15, 1995.

**SUPPLEMENTARY INFORMATION:** Fort MacArthur Marine Mammal Care Center and Mundo Aquatico are requesting authorization for the export of one nonreleasable rehabilitated female Northern elephant seal (*Mirounga angustirostris*) for the purpose of public display under the Marine Mammal Protection Act of 1972 (MMPA), as amended (16 U.S.C. 1361 *et seq.*).

The subject marine mammal, stranded in Santa Monica, CA, has been under rehabilitation for suspected head trauma since April 1, 1994. A determination of unreleasability was made by the attending veterinarian and submitted to the NMFS Southwest Region on January 25, 1995. NMFS concurs with this determination.

The permanent retention or export for public display purposes of a beached or stranded marine mammal taken for the purpose of rehabilitation under § 109(h) of the MMPA must be authorized by NMFS. Under the MMPA 1994 amendments, in order to obtain any marine mammal for public display purposes, the recipient must: (1) Offer a program for education or conservation purposes that is based on professionally recognized standards of the public display community; (2) be registered or hold a license issued under 7 U.S.C. 2131 *et seq.*, i.e., from the Animal and Plant Health Inspection Service (APHIS), U.S. Department of Agriculture (or, for foreign facilities, meet comparable standards); and (3) maintain facilities for the public display of marine mammals that are open to the public on a regularly scheduled basis and to which access is not limited or restricted other than by charging of an admission fee.

In this regard, the required certifications and statements provided by Mundo Aquatico and the Portuguese Government have been submitted to NMFS and APHIS, and have been found appropriate and sufficient to allow consideration of the request.
